DEAR _____,

JANUARY 7, 2025

With 5 years of full-stack web development experience for global businesses, I offer the technical expertise you are seeking for your web developer position advertised on Monster. Since earning my bachelor's degree in internet and web development from XYZ University, I have served as a web developer at ABC Agency, one of NYC's premier digital marketing and web development firms. In this position, I have led web development projects for clients in diverse industries including technology, manufacturing, pharmaceutical, hospitality, F&B, retail and financial services.

Known for creating robust, high-speed web and mobile apps, my web development work has helped grow revenues, accelerate customer acquisition, increase web traffic and deliver an industry-leading competitive advantage.

Please review my résumé, which provides details of these projects and examples of skills in:
Web development using HTML5, CSS3, JavaScript, jQuery, PHP and Adobe Creative Cloud Translation of wireframes and rapid prototyping tools to accurate, working code Design of interactives and mobile apps in an agile development environment
UX and UI design projects improving load time, site stickiness and user engagement SEO initiatives elevating rankings on Google and other search engines to top 5 results As a web developer focused on customer satisfaction, I manage all aspects of web development—from concept to requirements definition, design, development, launch, maintenance and user support. I enjoy the client-facing role and working closely with team members to produce high-quality deliverables.

I look forward to learning more about the web developer position. If my skills match your requirements, please contact me at (475) 988-3954 or rojinshakya@gmail.com to schedule a meeting. Thank you.

Sincerely,
